

Why Choose Us for Your Senior Portraits?

FREE Family Session

Good through June 15, 2015

YOU, YOUR STYLE and YOUR LIFE!

We have the knowledge, technical expertise, experience, facility, and desire to:

1. Learn about what makes you unique.
2. Assure we are prepared to capture the true you.
3. See and modify good lighting indoors and out
4. Guide you into poses that make you look natural
5. Offer a laid back approach and enough time so you can be comfortable to express and be yourself
6. Provide a convenient way to view and select favorite poses from your session
7. Help you choose the best of your favorite poses.
8. Offer a wide variety of options for you to display and share your senior portraits with friends and family.
9. Follow through with professional editing and enhancement of your best poses.
10. Professional printing resources to assure clean, accurate color, quality prints and specialty products.
11. Provide you full service customer care, including folders, print mounting, protective finishes and framing.
12. Guarantee you're completely satisfied.

With more than 22 years of experience, Chris and Kim Lommel provide all of the above for every high school senior they work with. Accepting anything less is passing up a once-in-a-lifetime opportunity to get outstanding original art at a pivotal and important time in your life.

LOMMELE PHOTOGRAPHY – 763.263.6974

“

I contacted Lommel Photography for a senior photo session for my eldest son, Tyler. We really didn't know what to expect. Tyler wanted something very simple. He didn't want to change clothes, he didn't want to wear his football or tennis uniform. I wasn't sure what we would end up with! Chris took many photos inside using various props and outside in the beautiful gardens. I was thrilled with the selection of photos to choose from. The photos were perfect.

Because I was so happy with the senior photos I then booked an appoint-

ment for a 50th Anniversary present for my mom and dad. My family, my sister's family and my parents had a fantastic time during our session. Chris captured the joy and happiness we all felt at that time. It is a precious memory hanging on my wall.

Of course I booked a senior session for my youngest son, Troy. He didn't want anything fancy. He didn't want to wear multiple outfits nor did he want to wear his football uniform. Again, Chris was able to come up with many photos from which to choose from various indoor and outdoor

poses around water, trees and flowers. The selection was amazing. I couldn't decide so I asked Kim to decide on the arrangement for my wall. It's beautiful!

I also order my graduation party invitations from Lommel. I don't even have to make a decision. I ask Kim to put together an invite for me and she always does a fabulous job! I've been very very happy with Lommel Photography and will continue to book appointments with them in the future.

- Professional indoor studio looks, including baby grand piano plus many new backgrounds and sets.

FAQs (frequently asked questions)

HOW MANY CLOTHING CHANGES DO I NEED?

To be honest, we can give you awesome images from even one outfit. Sometimes people bring in a ton of outfits for us to choose from and a lot of shooting time is lost sorting through too many clothes. It's best to bring 1 or 2 alternate outfits just in case, but any more and it becomes overwhelming.

SHOULD I GO OUT AND BUY NEW CLOTHES FOR MY SESSION?

Our portraits are about YOU and your clothes should only be an accessory. Consider what looks good from head to toe for full-length portraits. For close-up images many times a basic shirt with great accessories can really bring attention to your face!

WHAT IF IT RAINS ON THE DAY OF MY SESSION?

No worries. We'll call to talk about options to assure you get everything you're hoping for, indoors and out.

“We would not consider going to anyone else but Chris Lommel for graduation pictures. I love his creativity with the kids and he makes sure that his pictures express the true identity of your child. He wants them to relax and enjoy the portrait session by playing the kind of music they enjoy and talks to them to learn about their life and plans for the future. He makes them feel very comfortable. Too many photographers have begun moving toward a ‘modeling session’ for graduation pictures. Chris takes true portraits and creates a lifetime keepsake for the graduate and their family. Thank you Chris and Kim for 3 great graduation portrait sessions! - Marsha Gerold

(Mother of Amanda Gerold, Monticello Class of 2014)

“Chris made senior pictures fun and memorable for us. We have taken two of our sons to Lommel Photography for senior pictures. Each son had a completely different theme picked out. Chris exceeded expectations for both. We came in with an idea and with his experience and expertise, he provided us with a product we could never have dreamed of.”

- Chris Schyma (Mother of James Schyma, Monticello Class of 2014)

I loved using Lommel for my senior portraits, knowing their quality of photography from sports pictures made the choice of Lommel photography an easy one. They worked hard to make my session fun and memorable. The shots we took were unique and captured my personal style. They turned out great!

-Allison Sterneman, Zimmerman Class of 2014

What to expect

once you have booked your session

1. We'll send you a packet with all sorts of information about your session with style tips and helpful hints to guide you in making your clothing choices.
2. The day of the shoot—arrive 10-15 minutes early so you can get all your stuff in the dressing room before the session starts. You will make your first down payment of \$200 on this day so don't forget your wallet or purse. Get ready to have a blast! We promise your session will be tons of fun!
3. Within 2 weeks after your session, your originals will be ready for you to view online.
4. Once you have selected your images for your package, make an appointment to come into the studio for your design consultation. We will help guide you through the design and ordering process.
5. Your finished prints will be ready to pick up in 5-7 weeks from your order date. Yes, we know that's a while, but perfection takes time!

Monday, June 16, 2014

Dear Class of 2015 Students and Parents,

It's your year!

Your senior year of high school is an exciting and busy time. While making the most of your last year with good friends and classmates you will face many important decisions. As you look ahead to your “senior” status, all of us at Chris Lommel Photography are here to help you **make the right choice** for senior portrait photography.

We understand.

With more than 20 years of senior photography experience, these sessions generate as much **excitement** for me today as they did when I first began. Because we are parents of three high school graduates and photographic professionals, we've been through almost everything your senior year can bring. So, when it comes to your portrait needs this year, **we've been there** and done the homework for you.

Need to know your school's yearbook deadlines and requirements? **We can help you.** We stay in contact with yearbook advisors to make sure your retouched portrait arrives when it's needed. Many of our area schools have October submission deadlines. That's why **most senior portrait sessions are done in the summer.**

If you want pictures in the fall or winter, **we offer split sessions** to meet the yearbook deadline and accommodate your needs.

Planning your session is easy.

I enjoy getting to know young people as they move toward one of the **most important milestones** in their lives. We can offer tips on clothing and style choices. In the session, **I can guide you** through the process. At the same time, **We're open to input** on the types of things you want in your portraits.

Flexibility in ordering provides a custom fit for you.

Recent graduates and their parents have told us what they need – for themselves, for relatives and their friends. Our packages help you get started. From there **you have options.** We work with you to make choices on everything from stunning wall portraits to family gifts; from traditional to extreme wallets, from our popular art series creations to classic portraits and more. Our goal is to **meet your needs** with images you will be proud to display in your home and share with others.

You have freedom to order throughout the year.

You can save money by ordering a collection. But we know it's difficult to anticipate all of your
(Continued on back)

needs for senior pictures. If you forget something, or need more, we make ordering additional pictures easy with **no reorder fees**. As graduation approaches, we'll be here to create a special announcement card for you. Plus, senior collection and print **prices are guaranteed** throughout the school year.

Plan carefully. Choose wisely.

You already have been bombarded with mail from photographers near and far. **You only do senior portraits once**, so make sure the photographer you choose is a good fit and provides the services you need. We're the studio with a reputation for **quality** photography. We offer you **experience, creativity and service**, including professional retouching and graphic design.

Get a senior portrait session at 50% OFF in June or 25% OFF in July 2014!

For the **Class of 2015**, we're offering our most popular sessions at these **incredible discounts**.

Don't delay. Decide now and rest easy knowing you have reserved a place on our busy summer calendar. Best of all, you won't have to worry about getting great senior portraits, and can actually **enjoy your summer**.

It's easy with these three simple steps.

Act now. Make your reservation **today** and receive a portrait session during available times this summer.

- 1 Grab your **calendar** and a **credit card**. Make sure you clear your schedule so there are no conflicts with work, activities or other commitments.
- 2 **Call 763-263-6974** to schedule your session. **Please note: There are limited times available.** The discounts are taken from our regular session prices listed on our flyer and at lommelphotography.com. For more ideas for your session, "Like" and look at "Lommel Photography" on Facebook!
- 3 *Use your Visa, MasterCard or Discover card to pay your session fee to reserve your date and time. At the time of your session, you will be asked to pay a \$200 down payment, which is applied to your order. Checks or cash are also accepted, but must be paid within three days of making your appointment. Please mark your calendar as **this time will be reserved especially for you**.

Your satisfaction is 100% guaranteed.

We enjoy working with seniors and families and are thankful for their support of our business, which has been built by satisfying people like you.

Let us help plan an incredible session that's real and relevant to you!

Sincerely yours,

Chris & Kim Lommel
